

ATH Comfort Lift® 2.55XL

Product Images

Short Description

The ATH Comfort Lift® 2.55XL is an electrohydraulic two-post lift with a 5,500 kg capacity and a quick-lifting power unit for efficient workflows. Two control units on both columns provide maximum flexibility, each with an integrated energy set including 230 V, compressed air and 12 V. 3-stages lifting arms with double-telescopic lifting pads allow vehicle pick-up from Smart cars to long-wheelbase Crafter models

Description

Electro-hydraulic 2-post lift with quick lift unit and load-dependent lowering function

Two control units for flexible use on both columns

Energy set (230V / compressed air / 12V) on both operating units

Safety Control: Electromagnetic safety locks that automatically unlock with lifting and lowering

Safety Lock: Load-lowering control onto the safety latches

Multifunctional mounting via 3-part support arms and double telescopic support plates
(from e.g. Smart to Crafter long at an alternative pick-up points)

Top-running crossbar with variable height adjustment

Additional Information

Rated load capacity	5500 kg
Lifting height max.	1950 mm
Drive-through width	2650 mm
Overall width	3500 mm
Overall height	5311 mm
Support arms parts	3 St.
Driving power	3 kW
Lifting/Lowering time	40 40 s
Power supply voltage	3x 400V / C16A
Concrete strength	C 25/30 4500 x 2000 x 220 mm
Color	RAL 7016 / RAL 9005
